MAX PERFORMANCE TORCH

for faster work times

The Bernzomatic® Max Performance Torch is built with instant on/off ignition, an adjustable ultra-swirl flame and flame lock option for continuous use. It is pressure regulated for consistent performance when inverted, making it ideal for large diameter soldering, light brazing, woodworking and cooking. Compatible with Bernzomatic® PRO-Max™ fuel and Bernzomatic® Propane fuel.

BERNZOMATIC®

FUEL

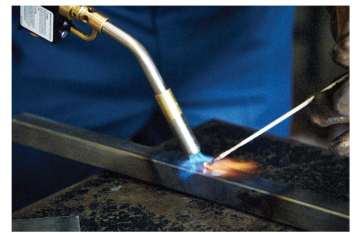

BER332964 (MG9) 14.1 OZ PRO-MAX™ HAND TORCH CYLINDER

The Bernzomatic® 14.1 oz PRO-Max™ Hand Torch Cylinder enables you to complete tasks faster and more efficiently using a higher burn temperature than standard propane. PRO-Max™ is premium fuel suited for a variety of job site projects including soldering large copper pipes, brazing and heat treating. The durable steel cylinder is the slim and lightweight for easy gripping and maneuvering. PRO-Max™ fuel has an in-air flame temperature of 3,730° F / 2054.4° C.

BER304182 (TX9) 14.1 OZ PROPANE HAND TORCH CYLINDER

The Bernzomatic® 14.1 oz Propane Hand Torch Cylinder is a portable, convenient way to fuel your hand torch. Constructed of durable steel, the slim, lightweight cylinder is easy to grip and maneuver as you work. Propane fuel has an in-air flame temperature of 3,600° F / 1982.2° C.
